

Greetings Reimagining Cleveland grantees & gardeners,

Reimagining Cleveland & Neighborhood Progress Inc. (NPI) are giving you the opportunity to purchase plants collectively & receive bulk rates from AJ Boyert Greenhouse for the 2012 growing season.

After hearing extremely positive reviews of AJ Boyert's plants we decided to stay with the family owned farm and organize a group buy for next year. Last year, flats were purchased with Reimagining grant money. Funding is not available this year; however **we are giving you & your neighbors the opportunity to buy collectively to receive discounted rates. Plants are available for \$7.50 a flat, each flat contains 12 plants (see order form on back).** The plant list was created in partnership with the local vendor and a handful of helpful grantees.

Again this is a co-op buy: everyone putting their funds together, getting a discounted price & one central pick up location. You will be notified of the pickup location in the spring (somewhere centrally located in Cleveland). **Please fill out & turn in the order form with complete contact information, your desired plants & full payment between January 1st & 31st, 2012.** If you need a receipt for grant reporting purposes, let us know and we will gladly provide one.

This is open to all who are interested! If you are a member of a community garden, please feel free to share an order form & buy together! Not sure what to do with 12 plants? Find someone to split the flat with you & buy with a buddy. It would be greatly appreciated if you pair your orders & payments when possible. One check per group is preferred.

Thank you for making the city greener. Please make sure you read the important notification box! --->

Feel free to contact me with any questions. I am in the office Tuesdays & Thursdays.

Warmest regards,
